To Whom It May Concern,

As a result of working with GeoStar, City Printing has realized a greater than 40% drop in our electricity supply charges. We look forward to GeoStar reviewing other recurring expenses and are hopeful more savings will be found.

Knowing I can reach out to GeoStar and utilize their expertise in areas permits more time to focus on my business. For that reason I highly recommend allowing GeoStar to review your recurring expenses. You will find it to be a beneficial partnership.

Sincerely,

Joe Valentini
