GeoStar Consulting
23 S. Lisbon St, Suite J
Canfield, OH 44406

To Whom It May Concern,

Greenwood Chevrolet engaged GeoStar Professionals to conduct an audit of some of our recurring expenses. The recommendations made by GeoStar in the areas of trash removal, natural gas, and in the services received through Cintas, GeoStar was able to yield Greenwood Chevrolet over \$38,000.00 in savings over 3 years.

Since that time GeoStar has recommended additional areas for review and Greenwood Chevrolet is determined to work with GeoStar in reviewing these additional areas and any others in the future. Their expertise is a welcomed addition to our internal staff, relieving some administrative burden from us while saving Greenwood Chevrolet time and money.

GeoStar can do the same for your organization. For that reason, I highly recommend GeoStar.

A handwritten signature in black ink, appearing to read "Dave Roberts". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

DAVE ROBERTS
GENERAL MANAGER
