Canfield, OH 44406

To Whom It May Concern,

Smitty's Floors benefitted greatly from our association with GeoStar. Faced with a prolonged battle with a vendor and making little progress, GeoStar offered to take over the good fight on our behalf. In less than a week not only was the issue resolved and all attempted financial penalties erased, GeoStar actually influenced that vendor to lower their price going forward.

Of course I was impressed with the outcome, but seeing how quickly it was resolved and realizing how little time I or my staff had to dedicate to the resolution once we involved GeoStar was equally impressive.

Do not hesitate to engage with GeoStar. They are an asset for my company and I'm confident they will be for your company.
